HAS ITS PLACE
In all systems of medicine, and it is frequently called for in prescriptions. It is evident, therefore, that no pharmacist must be permitted in compounding prescriptions nor in the quality of the drugs employed.

Our Prescription Department
is in competent hands, and our long record of successful experience warrants us in guaranteeing absolute accuracy and purity.

Checks Without Stamps. It doesn't appear to be generally known, says the Hazleton Plain-Speaker, that when a man draws a check on his own order he needn't put a two-cent stamp on it. If you, for instance, want to get out some money from your own account, all you need do is to change your check so that it reads like a receipt. Write "received of" in front of the bank's name, cross out the words "pay to the order of," and then fill in the spaces with the amount of money required and sign as usual, and you have there a check that is legal without a stamp. The government decided that this could be done last August, but it gave no great publicity to its decision, and probably not one private person or business house in ten has ever heard of the matter.

The cheapest place for ready-made clothing for men, boys and children is THE FAMOUS.

Business Renewed. E. A. Davenport has again embarked in the stove and tinware business at his old stand, No. 47 South Main street. He still retains the agencies for the popular makes of stoves, etc., which is a guarantee of his old time reliability as a business man.

Their Annual Hunt. The Ringold Shooting Club of the Fourth ward will have its annual shoot in the Beaver Valley to-morrow. The club is composed of Henry, Frank and John Wilson, Robert Lloyd, William Staunton, Con. Engert, Louis Zerbe, William Brown and M. J. Brennan.

Bausner's Up-to-Date Meat Market, Cherry and Chestnut streets. Try our scrapple, puddings, mince meat, sausage, fresh and smoked meats.

Bound and Gagged. At an early hour yesterday morning seven burglars, whose faces were covered by handkerchiefs, broke into the home of John Kline at Kline's Dan, near Mt. Carmel. THE WEATHER.

The Caribbean sea storm has increased in intensity and has been extended by north-easterly winds to north gales of 50 to 60 miles an hour along the South Atlantic coast, the latter velocity being reached at Cape Henry and Kitty Hawk. The storm signal display was extended to Sandy Hook yesterday morning. Forecast for this section: Rain with exceptionally severe north-easterly to north-west gales. Fair to-morrow. Sunrise, 6:34; sunset, 5:06; length of day, 10h. 32min.; moon rises, 3:57 a. m.; moon sets, 3:13 p. m.

Appalling Brutality. Miss Slessor, Scotch missionary, who has been 24 years in Africa, has herself saved the lives of over 50 twins.

When twins are born, they are at once taken from the mother, and if no one intercedes they are at once taken by the feet and head and have their backs broken across a native woman's knee, in the same manner as one would break a stick. The bodies are then placed in an earthenware receptacle and taken to the bush, where they are devoured by the flies, insects or animals. Sometimes the little victims are put into a hole in the same way.

The mother becomes a castaway. If she does not at once take her own life, she has to flee to the bush. If she ventures near the town or village, she must see that she does not remain on the path when any other native is coming. Her presence, according to their superstition, would defile the place for others. She must not drink from the same spring, must not touch anything else belonging to her own relatives.—Missionary Review of the West.

California's Shark Oil Industry. The making of shark oil is the important industry of McGarvin's Cove, near Riverside. The process of manufacture is decidedly primitive.

The sharks are caught in every imaginable way, by bait and hook, but principally with the seine. The hivers, which contain the oil, after being taken from the fish, are rendered out in cans set over a brush fire, pending one somewhat of the process of obtaining the oil from whale blubber. The oil is then put into casks and shipped to Los Angeles.

The coarser grades are used in the making of tar-paulins and other oiled cloths for use aboard ships, while the finer grades are put into the so called cod liver oil of commerce. The sharks average from 10 to 25 cents' worth of oil apiece, and a day's catch usually nets about \$40.—Riverside Press.

Woman Killed During Street Fight. Ironton, Oct. 31.—C. P. Moore, of Green River, Ky., resisted arrest for disorderly conduct yesterday afternoon and a running fight with the officers ensued. Moore emptied a revolver, and one bullet, which went wild, passed through the window of a residence, killing Mrs. Lot Henthorn, who was watching the fight. Moore was finally captured.

The police suspect a young man who has been calling on Von Soosten's niece for the last seven months. He is Carl Holdie, said to be a member of the Eighth regiment.
